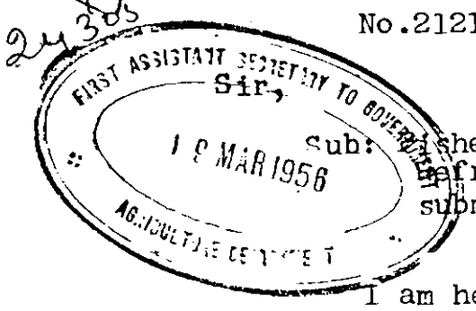
LC 2430/56



No.2121 W.1/56 dated 10-3-56

Sir,

Sub: Fisheries - Cycle for the office of the Fisheries Refrigeration Engineer, Mangalore - proposals - submitted -

I am here under submitting proposals for the purchase of a new bicycle for use in the Office of the Assistant Director of Fisheries (Engineer), Mangalore.

The Office of the Assistant Director of Fisheries Engineer is located in the building of the ice plant and cold storage at Mangalore situated about 3 miles from theheart of the town. The functions of a plant are similar to that of a commercial concern and the conveyance of tapals to and from post office to factory are being done at least 2 times daily. The nature of the work of the plant is such that it is absolutely necessary to study the trend of fish landings, on which depend the demand for the ice and the fish market is about 2 miles from the factory.

The Plant works round the cleck and any break down must be attended to without the least delay. Waiting for a public conveyance in times of emergency , will only result in waste of time and complications. Under these circumstances a cycle is absolutely essential for the office of the Fisheries Refrigeration Engineer, Mangalore to attend to the work in the office and factory.

I, therefore , request that Government may be pleased to accord sanction for the purchase of Indian Hercules cycle 24" size at a cost of Rs.197/- as detailed below.

BC

Cost of Hercules cycle:	157
Cost of accessories:	40
Total.	197

Necessary funds are available to meet the proposed expenditure in the current year budget.

I request for early orders in the matter.

The draft order on pp 1-2 above may be perused. The T.V. cycles of India, Ltd, Ambattur near Madras has agreed to supply Hercules popular Model cycles 22" or 24" size to State.

21/3/56

(13)

Govt. offices at the rate of Rs. 144-8-0 each each. This price does not include the cost of accessories like saddle, bell, stand etc. which will have to be purchased separately from the local market, as the Company does not manufacture them. The Company also charges an additional sum of Rs. 5/- more for crapdyght each cycle to be supplied to stations outside the city of Madras to cover charges for crating and freight by goods train to the nearest railway station. Agriculture Dept. may therefore be requested to sanction the purchase of a bicycle at the above rate from the above firm in this case. They may modify the draft order suitably
